

## HEROES NIGHT 2023 – volunteer opportunities

- 2-3 PM - helping food vendors to most logical/appropriate positions on 5<sup>th</sup> Street, allowing for late arrival of Bluum Coffee (coming from an event in Clackamas that ends at 2 PM)
- 
- 1-2 PM, help setting up easels for about a dozen poster/foamboard displays - probably around the Museum entrance to minimize wind issues
- 
- 1-3 PM helping to direct organizations into the display area (tarmac and permitted areas near each of the two hangars)
- 
- 2 PM - getting our **bottled water iced and pre-positioned** in and around the organizational displays on the tarmac. We have many cases of small and the slightly larger bottled waters, but I figure this "free water" can best serve those coming to the military vehicle, first-responder and aircraft displays - so as not to directly compete with our food and beverage vendors on 5<sup>th</sup> Street.
- 
- 2-3 PM **setting up canopies and chairs** in best positions to accommodate our more senior guests and their families
- 
- 3-4 PM roaming the crowd with programs and CMAC brochures, coordinating this with Car Show folks (Woody, Jodi and/or Arlette)
- 
- 
- 4-7 PM attending to our CMAC TABLE, which should be located with or next to the CCVAC and other veteran-assisting organizations
- 
- 5 PM - will be looking for 4-person team(s) to escort the landing biplanes from the taxiway to where they will park - on the grass, just south of the construction hangar or otherwise along the taxiway
- 
- 
- 5-6:30 PM – available to assist our more senior veterans and families in getting from drop-off (in front of the Air Museum) to preferred seating.
- 
- 
- 7 PM – Assist with teardown and cleanup
